ULM UCC CORE CURRICULUM CHANGES FORM

Submitted by (Department/College): ____________________________________________

Date: ________________________________________________________________

Courses/Cr Hrs. to be Removed                                      Core Courses/Cr Hrs to be Added

*It is assumed you are removing courses from your curriculum in order to meet the Core. If you are removing certain courses for any other reason, please stipulate below:

Specifying Core Curriculum Courses:
Also, if you are specifying which Core curriculum courses should be taken in your program of study, please list them below and give a compelling reason for your specificity.
(Note: If your accrediting agency mandates a specific course, please attach the appropriate documentation. If you have a significant curricular reason for specifying a particular course, please explain it. For example, if Social Work majors should take Gov 201 instead of being allowed to choose from the Core Social Sciences Electives in Group II because Social Work majors will be working with government agencies and therefore will need to know the processes of government, then please give this reason.)

Core Curriculum Courses that have been specified and reasons:
ULM UCC CORE CURRICULUM CHANGES FORM – Page 2

Attachments:
1.  Your degree plan. Please type it exactly as you wish it to appear in the catalog. See the example which follows this form.

2.  Routing and Approval Sheet.

3.  Affected catalog pages (with changes indicated.)
   If necessary, also attach:
   a.  Accreditation Agency Mandate
   b.  Signature Page Form
Guidelines for Making Changes to Accommodate the Core

All departments will need to add the following:
FRYS ............................... (1)
University Capstone.......... 3

Note: Placing the “1” in parenthesis indicates that the course carries a one-hour credit, but this one hour will not count in the total number of hours counted toward a degree.

Also, some departments will need to change Math 111 to say Math 110 or 111.

When redoing your chart of your degree plan or program of study, please type exactly as you wish it to appear in the catalog. Also, please use the term “Core” in front of the list of courses discussed in the Core Curriculum, and please use an * after the list of core curriculum courses. By doing so, we will make the requirements of the Core Curriculum more clear to students. At the bottom of the chart, the asterisk will be explained by the following statement:
*See Core Curriculum requirements in the Core Curriculum section of the catalog on page _____.

(Note: You may want to refer students either to the new University Core Curriculum section of the catalog or to your college’s Core Curriculum section of the catalog.)

Example of Format to be Used for Degree Plan
An example of how to type your degree plan which will appear in the catalog is provided below:

English

Freshman Year

Core English Composition* .................................................. 6
Core Humanities Electives* .................................................. 9
Core Science Electives* ....................................................... 9
Core Fine Arts Elective* ...................................................... 3
